ACADEMIC RESEARCH PROJECTS

I) UNDERGRADUATE RESEARCH PROJECT

A Comparative study of Dental Caries experience in Rural and Urban School children aged 6, 9 and 12 years.

II) POSTGRADUATE RESEARCH PROJECT

Pattern of gingival overgrowth among patients on antihypertensive pharmacotherapy at Kenyatta National hospital.

III) OTHER RESEARCH PROJECTS

Comparison of Oral Health status of handicapped and non-handicapped children in a semi-urban set-up in Nairobi, Kenya.

Etiological factors and treatment modalities for facial base fractures at Kenyatta National Hospital, Nairobi.

IV) SUPERVISION OF UNDERGRADUATE RESEARCH PROJECTS

1. Anterior crowding and its association with plaque and calculus accumulation among patients at the University of Nairobi and Kenyatta National hospital. **Mwamlole Mwanaisha 2011.**

2. Toothbrush type perception and preference by medical and dental students of the University of Nairobi. **Omuok Joyce 2011.**

3. Knowledge, attitude and practice towards the use of mouthwashes among nursing students at the University of Nairobi. **Okonda Gamaliel 2012.**
4. Knowledge, perception and prevalence of Gingival Hyperpigmentation among dental patients attending the University of Nairobi Dental School. **Matundura Bosibori 2013.**
5. Oral Health Knowledge, Attitudes and Practices among students in two secondary schools in Laikipia County. **Ndaiga Serah 2013.**
6. Risk Factors for Chronic Periodontitis, a Five-Year Audit from 2008-2013 **Kosigro Christine 2014**
7. Knowledge, Attitude and Practice of Smokeless Tobacco Use and Its Effect on Periodontal Status of Adolescent Students in Nairobi. **Amoro Kerubo 2014**
8. Prevalence and Pattern of Furcation Involvement on Mandibular Jaws Using Orthopantomogram X-rays. **Munyasa Branice 2015**
9. Knowledge, Attitude and Management of Halitosis among patients visiting the University of Nairobi, Dental Hospital **Onyango Mercy Akoth 2016**
9. Dental Phobia among Pregnant Women attending KNH Antenatal clinic. **Njoroge Clara Wambui 2017**
10. Knowledge and Attitude of Medical and Dental Students of University of Nairobi towards Devolution of Health Services in Kenya. **Lomang James Alangole 2017**
11. Radiographic Assessment of Alveolar Bone Loss Pattern among patients attending University of Nairobi Dental Hospital, Periodontology Clinic 2006-2016. **Nzuve Jane Mutheu 2017**
12. Knowledge and Perception of University of Nairobi Fifth Year Dental and Medical Students on Periodontal-systemic Disease Relationship. **Serah Dinda Wanza 2017**

13. Evaluation of the periodontal health status in adult patients with cardiovascular disease. **Muthoni Brillian Mercy 2018**

14. Knowledge, attitude, practices and choice considerations of different oral hygiene devices amongst high school students. **Bains Sunaina Ashish 2019**

15. Pattern of oral mucosal lesions and oral hygiene status among diabetic patients at Kenyatta National Hospital. **Musenya Lincon Malusi 2019**

16. Oral health knowledge, attitudes, practices and Oral health seeking behavior among adults living in Nairobi. **Kimutai Peter Kiprotich 2019**

V) SUPERVISION OF POSTGRADUATE RESEARCH PROJECTS

Salivary total antioxidant capacity and periodontal status among diabetics and non-diabetics attending Thika level 5 hospital. **Annette Wambui Muriithi 2018**

Levels of secretory Immunoglobulin A in Saliva and the periodontal Health status. **Asif Mohamedali (ongoing)**

Periodontal status and Severity of Rheumatoid Arthritis among patients attending Kenyatta National Hospital. **Michuka Hussein(ongoing)**

VI) RESEARCH AREAS OF INTEREST

1. Guided tissue regeneration in the discipline of periodontology.
2. Reconstruction of partially dentate patients using implants, bone grafting and membrane placement.
3. Gingival Overgrowth: Prevalence, Current concepts and practices.
