EMPLOYMENT RECORD

SUBREGIONAL OFFICE FOR EASTERN AFRICA (SRO)

February 2002 to 30th September 2005, Deputy Director and Senior Specialist in
Employment Strategies. ILO Technical Team, with representational duties to Ethiopia,
Djibouti, Eritrea, African Union and UN Economic Commission for Africa.

EASTERN AFRICA MULTIDISCIPLINARY TEAM

April 1993 to Feb. 2002: Senior Specialist in Employment Strategies, ILO-EAMAT
at various times acting as OIC for the Area Office and EAMAT

Responsibilities

To provide technical advisory services in the field of employment and development, at
macro, sectoral and programme levels. More specifically to analyse and assess
employment trends and developments in the countries of the sub-region and conduct
advisory missions and assist countries in the following areas:

- (a) Macro-economic and employment policies, including employment planning and
human resources, in the countries of geographical coverage by EAMAT.
- (b) Labour Market analysis and policy including employment services and labour
market information.
- (c) Sectoral development programmes and policies (including rural, urban and
informal sectors).
- (d) International and regional migration for employment.
- (e) Labour-intensive programmes and technologies.
- (f) Employment programmes for specific target groups including women, child
labour, indigenous peoples.
- (g) Disadvantaged groups and
- (h) Poverty assessment and alleviation.

JOBS AND SKILLS PROGRAMME FOR AFRICA (JASPA): EXPERT.

Oct. 1988 – 31st March 1993: Expert in Rural Development and Rural Employment
Promotion.

Main task of the Project was to assist countries of Africa, and inter governmental and
other regional sub regional organizations in the identification, elaboration and
implementation sub-regional levels that would reduce unemployment, under employment
and poverty by accelerating the creation of productive income earning opportunities and
by ensuring that the entire population participated fully in the process of development
and that its gains are shared equitably. The JASPA team undertook analyses of impact on

employment of alternative policies for the development of agriculture, industry, informal sector, education and training, the choice of technologies, special employment programmes, income policies and income distribution, etc as part of overall development and basic needs strategy. As an expert on rural development and rural development promotion and part of the Regional Employment Team, responsible for the work connected with rural development policies and programmes and their impact on rural employment and incomes. As expert participated in technical advisory services, sectoral and other technical missions and organized national, regional and sub-regional seminars, meetings and conferences.

UNIVERSITY OF NAIROBI
