Part 2 - morning:
3 groups continuing the discussion of the previous day: details on their country package.
The results of the group from Mali
The results of the colleague from India
The results of the group from Cameroon
Part 3 – afternoon:
Elaborating on the foreseen and offered learning platform on potato
Part 3 – afternoon:
Answers / findings of the participants on the foreseen and offered learning platform on potato

Left to be done - within /for the learning platform on potato:

- Contact potential other group members (e-mail) and inform them on idea, purpose, etc.
- Focus the membership in the beginning to GIZ-Staff and direct partners involved in green innovation centres.
- Discuss (and decide) on the „caretaker“ / coordinator from the country projects (steering unit BONN should only assist)
- Topics for learning exchange are already named in this first draft, but: which formats are appropriate and feasible?
- One example (exchange visit) from Cameroon is given
Voluntary Speakers for the **learning platform on potato:**

- Vishvajeet SINHA (Green Innovation Centre India, GIZ)
- Evéline OUOKAM (Director Potato Program, Ministry of Agriculture, Green Innovations Centre Cameroun)

Thank you very much for taking over the responsibility as first „caretaker“ for the learning group
